

NET for: \_\_\_\_\_, 2014

NET Control: \_\_\_\_\_,  
(NAME) (CALL)

Attention all stations. Attention all stations. Attention all stations. This is the Berryessa Amateur Radio Club Sunday night Net, held on this \_\_\_\_\_ day of \_\_\_\_\_ (month and year). My name is \_\_\_\_\_, \_\_\_\_\_ (your call sign), your Net Control Station.

This Net is held every Sunday evening at 7:30 pm for the purpose of providing information to members, selling equipment, passing traffic, or anything else that may be of interest to the amateur community. This is a directed Net. Please do not transmit unless invited to do so by the Net control station. Stations wishing to be recognized immediately may interrupt by giving their call sign only. Visitors are welcome and will be asked to check in after membership roll call.

The Berryessa repeaters are located 22 miles west of Woodland at 3,000 feet and operated by the Berryessa Amateur Radio Club, called BARK. BARK's two meter repeater frequency is 146.970, with a minus offset and PL of 123.0. A general-use packet node is also maintained at the repeater site on 145.05 MHz. Also, a new packet BBS, AG6QO-1 is accessible on 144.37 via node BERR37 located at the repeater site. Additional information on the BARK repeaters is located on the club's website, [WWW.BARKRADIO.ORG](http://WWW.BARKRADIO.ORG).

Central Valley Packet Net meets at 8:00pm local time on 145.050 MHz. It is a free net and can be joined by checking in unproto. The packet net covers from Modesto to Redding and from San Jose to Arnold. The roll call roster is posted immediately after net with explanations and can be viewed on Varmint Al's Ham Radio Page. ([www.VarmintAl.com](http://www.VarmintAl.com))

We the members support the operation of the repeaters by paying dues each year and hopefully you would like to join. The annual dues are \$30 a year for an individual membership, which also includes any immediate family member residing within your household. If you are interested in joining, please make your check out to BARK, and send

it to: BARK, c/o Doug Hollowell, 795 Alwin Dr, Dixon, Ca 95620. If you utilize the internet, you can also find a membership form on at our website, WWW.BARKRADIO.ORG. There you will find a join BARK form, which you can print out, fill it out and mail it in.

And now for this week's announcements:

Announcements by Net Control

---

---

Are there any announcements by an officer?

---

---

Are there any announcements by a member?

---

---

Now, it is time for membership roll call. Visitors will be asked to check in after membership roll call. If any station wishes to contact another, please indicate during check in. Also indicate whether you have traffic or not when checking in. Roll call is as follows:

This ends the roll call. Are there any late or missed members? Please come now.

Are there any visitors wishing to check in? Please give your call sign, phonetically, name and location.

Is there anything else for the Net?

Hearing nothing else, the Net will be closed at \_\_\_\_\_ pm and open to members and public use.

This is \_\_\_\_\_ (call sign) transmitting through the KE6YUV Berryessa repeaters. 73 and goodnight. This is \_\_\_\_\_ (call sign).
